MINDERS GET TOGETHER **FEBRUARY 2008**

Dogs Bed and Breakfast had a 'Minders Get Together' at Jells Park recently. It was a great chance for our minders to meet each other in a relaxed and social atmosphere to share ideas and experiences. Thanks to our wonderful Team of Minders for a great day!!!

WELCOME TO ZINA - Zina has recently joined our team to do some administrative work. Zina does not currently own a dog but minds dogs for us full time!!

KIDS AND DOGS

One of the best friends a child can have when growing up is a dog. Kids and dogs are perfect companions. Dogs help teach children to be responsible and compassionate while also giving unconditional love. They are also an endless source of fun, laughter and relaxation. A dog can bring so much to family life.

Care should be taken when choosing a pup or older dog for a child. Your child needs to know that dogs do need time out especially when they are eating and sleeping. An adult should always be present when children are in the company of a dog.

TESTIMONIAL Hi Robyn & Deb, Olivia was warmly welcomed into her new home and we felt at complete ease in leaving her in Robyn's hands. On returning from our holiday, we found a puppy who was completely at ease and obviously well looked after. Please pass on our very sincere thanks to Robyn and her husband and we would certainly love to have them look after Olivia again when we go away. Thanks once more, from a very satisfied family, Diane & Steve
(See [our website](#) for more Testimonials)

BREED FEATURE – KING CHARLES CAVALIER SPANIEL

King Charles Cavalier Spaniels are an affectionate and easy to train family dog. They are excellent with children and the elderly. They are not excessive barkers and they greet most people warmly. Cavaliers get along with everyone, including cats and other small pets. Being relatively small and easy going, they make good travel companions.

ANOTHER TEAM MEMBER – BRIAN

Brian is a dog lover from way back. He has owned big and small dogs over the years. He currently has a Giant Schnauzer puppy called Zaynie. Brian has been working behind the scenes for some time now. He meets new minders, helps with placement of your valuable pets and is the webmaster.

**Thank you to all our clients for your continued support in 2008.
Deb, Robyn, Zina and Brian**
